

Daily Assessment format

Date: 03/Aug/2020

course: Industrial IOT on
google cloud platform

Topic: week 1

github
repository: jyoti-courses

Name: Jyoti. S. Dornur

Ush: 4AL17EC037

Report

Industrial IOT on google cloud platform

→ Welcome to IOT on GCP

- * IOT on GCP overview
- * Sensors, devices & cloud communication
- * Google cloud IOT platform
- * Analysing data with figure xy
- * Analyzing data with cloud datagraph
- * Optical Capstone project

→ IOT on GCP overview.

→ Getting Abstracted

→ Module introduction

Learn how to:

- * explain the classic structure of IOT Architecture
- * Define terms specific to IOT
- * explain the implicit of IOT of IOT architecture

→ IOT introduction

- * functional Allowance IOT platform
- * what is IOT?

- * cloud IoT platform
- * sensors & devices.
